SANTIAGO CAPITAL CITY

Santiago, with its modernity, green spaces, and Andes Mountains charm, is an up-and-coming destination for living, working, studying, and investing. Recognized as the best city in South America, it embodies quality living and urban progress in today's world.

BEST MEAT FROM CHILE TO THE WORLD

The south of Chile has a natural and privileged environment; rivers, lakes, valleys and mountains, all with rainy and green prairies giving an ideal ecosystem for the raising and fattening of cattle.

CHILE, AUTHENTIC SANITARY ISLAND

Chile across the country presents a great weather diversity; in the north the driest desert in the world, and to the south ice zones, to east the Andes mountains, and to the west the Pacific Ocean. This geography transforms the country in an **authentic sanitary island**.

QUALITY AND TRACEABILITY

Frigosorno is the market leader and exporter of bovine meat products with products of the highest quality and safety. Our products have complete traceability, that is, control, support and records from the farm to the finished product thanks to rigorous control of SAC, TI systems, deboning with Marel technology and our rigorous Quality and Safety Team allowing us to comply with the highest production standards worldwide.
